EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the preliminary amendment of 1-10-04:

The section of Cross-Reference To Related Applications, line 3, after the year '2001,' insert -- now U.S. Patent No. 6,727,251, -- .

In the current amendment:

Claim 1: line 10, in the definition of Q, delete "-CH(R)-" (i.e., the last group), and insert -- -CH(R⁶) -- in its place.

The amendment was necessary because the superscript on the R group is blurry. The appropriate R⁶ group is found in the Pregrant Publication US 2004/0167141 A1.

Allowable Subject Matter

Applicants' response of 4-20-07 has overcome all 112 rejections of previous action by limiting the core of formula II to pyrimidine and quinazoline.

With no other outstanding rejection, claims 1, 8-16 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The invention is drawn to compounds of substituted 2-pyrazolylamino-pyrimidine or 2-pyrazolylamino-quinazoline, and pharmaceutical composition thereof. The closest reference, **Pease et. al.** (US 6,838,464 B2), generically teaches a pyrimidinyl compound with substituents at the 2- and 4-positions corresponding to those of the instant formula II. However, said compound lacks a substituent at the 6-position corresponding to the instant R^y. Thus, there is no equivalency teaching for motivation to make a case of prima facie obviousness.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tamthom N. Truong whose telephone number is 571-272-0676. The examiner can normally be reached on M, T and Th (9:00-5:30).
